The Principal

Fairfield West Public School

Dear Sir/Madam

I found these photos when sorting through my father's effects. He was headmaster at your school at the years shown in the photos.

Mum suggested the school may appreciate the photos, rather than me just throwing them out.

Dad always spoke fondly of his time at Fairfield West and the quality of the staff and locals.

The area was largely underdeveloped at the time.

I hope you are equally enjoying the school and that these photos are least of curiosity value.

Regards

K Ryan (son)

Footnote:

Principal Francis Ryan served as leader of the school from May 1954 for 8 years.

Note: When compiling artifacts for the Centenary Museum we came across this lovely letter, which I wanted to share with the community.

Genelle Goldfinch (Principal 2012 – Current)
