

3B Website Blurb Term 1

Welcome to 3B

3B is the classroom where all learners belong and thrive to the best of their abilities!

Students engage and collaborate in a positive hard-working environment to achieve their academic goals. We have successfully transitioned well into our class and have been working hard to prepare ourselves for a busy and exciting year.

What's on in 3B?

- Languages- Tuesday, middle session
- Scripture- Every Wednesday afternoon
- Library- Every Monday (students must bring waterproof library bags to borrow books)
 - Sport- Every Friday, morning session (Term 1) middle session (Term 2)
- Fruit Break- Every morning session (students are encouraged to bring fruit to school daily)
 - Home Readers- Students are to return their home readers daily

In 3B we never stop learning because life never stops teaching!

Literacy Literacy is embedded throughout learning tasks daily in 6B. Students participate in a range of interactive, engaging tasks that develop and target curriculum outcomes. This term our students are working with Ms Obeid and myself (Miss Borra) to implement a structured reading program to prepare students for their upcoming NAPLAN test.

Mathematics

Mathematics skills are valued highly in 3B. Students are currently developing and heightening their knowledge and skills in areas of Whole Number, Patterns and Algebra, 3D Space, Addition and Subtraction, Area, Fractions and Decimals, Multiplication and Division, 2D space and Chance during Term 1.
