

1 April 2022

Dear parents / caregivers

## AUTISM AWARENESS DAY

The month of April is Autism Awareness month. This is a time for our school community to acknowledge the differences between each other and to learn more about autism spectrum disorder.

We are showing our understanding and acceptance of autism spectrum disorder on Wednesday 6 April 2022, by all wearing blue clothes to school. All classes will be decorating their rooms with blue balloons and streamers and taking part in activities that are designed to raise their awareness of autism.
