

# RAPID ANTIGEN TESTING

## Kit collection information for Kindergarten students

FWPS have and will distribute packs of rapid antigen test (RAT) kits for all students and staff on Friday 28 January and Monday 29 January.

The use of RAT kits is an important step to support the health and wellbeing of our students and staff. They are a quick and easy screening tool to help detect COVID-19. It is a simple process of placing a nose or throat swab in a chemical solution, which is put onto a scanning device. Results can be ready within 10 minutes. Use of RAT kits is highly recommended but not mandatory.

Instructions are included in the kits detailing how to use the tests, check the results and dispose of the tests safely. FWPS had can provide this translation in Arabic. You can also download the instructions through the [Therapeutic Goods Administration \(TGA\) External link](#) website. The user guides will also contain a contact number for the suppliers if you need additional support.

### How and when do I pick up the RAT kits?

Parents and carers will be able to collect their rapid antigen test kit on **Monday 31 January** and can also purchase uniforms at the same time if required.

The school will be contacting parents and carers by phone on the **Friday 28 January** with further details. This call will come through on a private number so please be ready on Friday to answer any private numbers.
