

# Welcome to KT with Ms Thai

What an exciting time for your child as they start their first year of school in kindergarten. For many of you, it has been the first time sending your daughter or son to school. In the past few weeks, your child has blossomed and has settled incredibly well into their new classroom and school routines. They have made a remarkable start to the year! Look at some of the amazing things we have done in class so far.

A few friendly reminders:

- Library is on Friday. Students will need a library bag to take home books they would like to borrow.
- Please ensure students have a piece of fruit or vegetables for Fruit Break every day.
- Try to pack lunches that are healthy and nutritious!

Ms Thai 😊
