

Welcome to 6B

The classroom where all learners belong and thrive to the best of their abilities!

Students of 6B are intrinsically motivated to learn and participate in a range of differentiated learning task that are catered to each individual needs.

Students engage and collaborate in a positive hard working environmental to achieve academic goals.

What's on in 6B?

Library- Every Monday (students need to bring their library bags to borrow books)

Scripture- Every Wednesday afternoon

Sport- Every Friday, middle session

Fruit Break- Every morning session (students are encouraged to bring fruit to school daily)

Home Readers- (Students are to return their home readers weekly)

Homework- Worksheets- Reading Log and Timetables Challenge. Online- Google Classroom

In 6B we never stop learning because life never stops teaching!

Term 4 is such an exiting term for students. Members of 6B are enthusiastically preparing for the transition into high school and creating lifelong memories in their final term before the conclusion of their primary years. This term students are using Google Classroom as an online forum to communicate with their teacher and one another. Students have been assigned various tasks in which they are working on during class and home time.

We believe it is important to make learning relevant in 6B. Our integrated History and Writing unit 'Australia as a Nation' has students extremely engaged, as they are making connections to their lives by analysing the impact of migration on Australian society.

Students are consciously working hard to revise all mathematical concepts in preparation for their mathematics assessments. Reports are being compiled to showcase student's progress throughout the year.

Year 6 has been successfully fundraising for our end of term farewell with 'Frozen Fridays' being our big hit!

Although this is a bittersweet time, we are working hard to prepare students for the wonderful journey that they will embark on.
